1. Claims 11-14 and 16-20 are allowed.

## **REASONS FOR ALLOWANCE/EXAMINER'S COMMENTS**

### **Reasons for allowance**

2. The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103. Specifically, in reference to independent claim 11 (and its dependents), none of the prior art either alone or in combination disclose or teach of the claimed method of orienting the eye of a patient specifically including as the distinguishing features in combination with the other limitations the claimed "moving the fixation mark in the field of vision of the patient during the treatment being carded out by the ophthalmologic treatment device; wherein the movement of the fixation mark is used to position the eye in a specific manner so that (a) the patient can easily follow the fixation mark and (b) the movement of the fixation mark makes the eye less likely to move in a manner that would interfere with the treatment being carried out by the ophthalmologic treatment device".

### **Examiner's Comments**

Upon review of applicant's persuasive arguments and applicants filing of a certified English translation of German patent application No. DE 10359239.3, filed December 12, 2003 the rejections of claims 11-14 and 16-20 have been withdrawn and a reasons for allowance has been set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
